

I AM GLAD TO ENDORSE PE-RU-NA

Glad to Try Anything

"Three years ago my system was in a terribly run-down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peru-na was recommended to me as a blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peru-na. I am glad to endorse it."

LODGE DOES NOT TRUST IN PEOPLE, SAYS OWEN

Oklahoma Senator Declares Commit-
tee is Blinded by
Partisanship.

Washington, August 30.—Replying in the Senate today to arguments presented by Chairman Lodge of the Foreign Relations Committee against unreserved ratification of the peace treaty, Senator Owen, Democrat, Oklahoma, declared Lodge had been blinded by partisanship and by a distrust of popular institutions.

Referring to the committee chairman's parallel between the League of Nations and the ill-famed Holy Alliance, Mr. Owen said the argument had overlooked the intrigue and autocratic selfishness which surrounded the alliance.

"The fact that was followed the treaty of the Holy Alliance," he continued, "was because this treaty was between military dynasties, made by monarchial autocracies, each controlled by intrigue. The Senator from Massachusetts believes that the promises of these royal scoundrels may be justly compared with the promises and aspirations of the honest, organized democracies of the whole world."

"The trouble with the Senator from Massachusetts is that he really believes in the rule of the few over many. He does not believe the people ought to have the right to initiate laws they want or veto laws they do not want. He looks upon them with less confidence than he did upon the military autocracies, for the Senator favored a league in 1915, when the autocracies were in full flower."

"The galleries always applaud when a Senator strikes an oratorical pose and thunders forth his sturdy Americanism. But the Senator's Americanism did not prevent him from making an argument at Union College, in 1915, in favor of a League of Nations. Am I going too far if I appeal from Philip drunk to Philip sober?"

"He is not, as he thinks, waging a war against Woodrow Wilson. He is waging a war against the desires and the hopes of all mankind. Let him beware of throwing himself and his blinded partisans across the path of the righteous judgment of mankind."

Here we come once more to see what we can find this Sunday evening and the goose hangs high.

Mrs. Lelia Bruner and her mother and the writer all made a flying trip to the city of Amoret one day last week.

Boyd Kershner and his mother, Clem Custer and wife, Wes Rayborn and wife all ate fried chicken at the home of Guss Bruner last Sunday. They all report a good time.

Mrs. Lelia Bruner is on the sick list. Doc Hartwell, of Amsterdam, was out to see her one day last week. Will Kershner's baby, who was sick last week is reported better.

Miss Bessie Gragg, of Kansas City, was here last week on a visit with friends and old neighbors. Call again.

Luss Parish, of Elkhart store, and Mr. Sciver made a flying trip to Worland last Sunday.

Miss Blanche and Billy Barton and Mrs. Mag Keeton spent the last of the week at the home of Mrs. Ben Pickett over near Nyhart. They report a good time and a fine visit.

Clem Custer and wife were trading at the county seat last Saturday.

Anyone wanting a job can get one by calling on Mr. Sciver at the Guss Bruner coal mine.

Mr. Will Kershner, who is out in Western Kansas came very near getting killed one day last week. His blouse caught on a wheel and would have wound him up if one of the men hadn't caught him and held him till they got the engine stopped.

The Cornland scribe had a good lot of items last week. Come again.

North New Home got a good run in their part of the county last week. Come on as we like to hear from that part of the county.

Pate Nafus was seen going over towards Amsterdam one day last week. We think that he has found some great attraction over in that part.

The writer took a trip over in West Point township one day last week and we got on the farm that John Barton lives on and we got down in his corn field and we were very much surprised to find some of the best corn that we have seen anywhere this summer. It will make 60 bushels to the acre.

We heard that there was one man claiming that he had corn that would make 80 bushels per acre. He will have to show us.

Who was the lucky fellow who got Ike Dawson's big watermelon. He was saving it for the street fair at Amsterdam.

Earl Rayborn was seen going to town last Saturday with a wagon load of watermelons. How did you come out with them. We got some of them and they were fine.

The writer and Mrs. Bruner and Mrs. John Stephens and Aunt Lizzie Kershner all ate fried chicken at the home of John Barton one day last week.

The Mt. Vernon folks are putting on some style from the fact that that saw schoolhouse that we have just got completed. I saw some of the fellows for I think they are some of the nicest school buildings that I have seen anywhere.

School will start at 8 o'clock on the eighth of September. We hope that Mrs. Jim Wilson at Amsterdam is going to hold down the job.

The writer is still holding down his job of milking in Elkhart.

We didn't learn what kind of a time the folks had at the dance in Elkhart last Friday night, but if they had the time that we used to have, they had a jolly good time.

JOHNNY.

Sheriff Saves Preacher From Mob at Jackson, Mo.

Cape Girardeau, Mo., Aug. 30.—Rev. Richard Lehmann, former pastor of a German church near Jackson, was arrested and placed in the Jackson jail this afternoon, when he stood on the platform after the speech of former Senator R. B. Oliver and said the German language is the best language in the world. Oliver replied, "I am ready to help pay your way back to Germany."

An argument followed, during which Lehmann shouted "I wish all the American soldiers were in hell" and the crowd rushed up to the platform. Had it not been for his age, he would have been mobbed. Sheriff N. J. Hutson seized him and took him off to jail, while a crowd of 500 soldiers followed yelling and shooting.

It was soldiers' day at the Jackson homecoming celebration. Fully 5,000 witnessed the incident. Lehmann is a retired German minister. The crowd would have taken matters into its own hands had not officers taken him away.

Officials of the brewery recently called the attention of the revenue collector to the fact that, after having paid the tax of \$5 a barrel on the beer, they were prevented by law from selling it.

They were told that the tax would be refunded if the beer was destroyed. The barrels were tapped and emptied into the street and soon a stream of the foamy fluid several inches deep filled the street.

Men and women in the neighborhood hurried to the scene with cups and pitchers and attempted to salvage some of the beer, but were driven away by Government officers.

400 Barrels of Beer Dumped Into
Gutter to Get Tax Refund.

Chicago, Ill., Aug. 28.—Four hundred barrels of 2.75 per cent beer manufactured by the Schlitz Brewing Company of Milwaukee before wartime prohibition was dumped into the gutter of a North Side street today by Otto F. Furst, United States Revenue Inspector, to enable the company to recover \$2,400 in taxes paid the Government.
